2 cups Bisquick  
1 stick butter or margarine  
8 oz sour cream or pkg cream cheese

Soften butter and cream cheese or just soften butter and stir in sour cream (whichever you use) and mix together. Stir in Bisquick until blended well. Drop onto cookie sheet or in muffin tin. Bake at 350 degrees for about 15 min or until golden brown.

You may add 1 cup cheddar cheese and garlic salt of desired for cheese biscuits.
